Panasonic ideas for life

Over 35 Years of Advanced Massage Replication Technology from Panasonic!

The Swede-Atsu Urban™ is a sophisticated contemporary leather massage lounger with separate ottoman that features both strong Shiatsu and smooth Swedish styles of massage combined with all-new Chiropractic techniques, in addition to advanced foot and calf air massage technology, as well as bottom of foot reflexology.

Benefits of Panasonic Chair Massage

- ✓ Relaxes muscles
- ✓ Stimulates acupoints for increased energy flow
- ✓ Temporarily increases circulation
- ✓ Reduces swelling of legs with air massage

Leg Stretch

Works to alleviate stiffness in your lower back, hips and thighs. The air system in the ottoman squeezes the lower legs while it lowers and raises in 20° increments.

Air Ottoman System

Featuring air ottoman with 12 air-bag circulation system for a more complete, contoured lower body massage including:

Calves - kneading and loosening of the shins and calf muscles

Feet - upward pressure is applied using four air bags for ultimate relief

Realistic Massage Therapist Techniques

Using 2 or 4 firm rubber massage heads, the Panasonic Swede-Atsu Urban™ accurately simulates stroking with the palm of hand, pressing with the heel of the hand, kneading with thumbs and pressure with thumbs.

Float Mechanism Simulates the movements of a rotating wrist for an amazingly life-like massage. This outstanding feature lets the Panasonic Swede-Atsu Urban™ perform various massage actions.

Remote

Easy-to-use remote allows for complete personalized massage at the touch of a button.

9 Basic Massage Modes

Swedish – gentle pressure using 2 rollers with improved neck/shoulder massage, created by changing the shape of upper massage heads

Chiropractic – all new massage techniques for better muscle relaxation and promoting good posture by helping eliminate fatigued muscles.

Kneading – firm kneading especially effective on neck and shoulders

Hawaiian – gentle rubbing motion across the back

Percussion – deep-pressure massage that stimulates acupoints

Compression – firmer rubbing motion across the back

Tapping – invigorating sensation of hands rapidly tapping on back muscles

Shiatsu – strong deep-tissue pressure and stretching using 2 massage heads

Rolling – muscles are gently stretched as massage heads move up and down along the back

Limited Warranty - 3 years parts and 1 year labor. Extended service plan is available from Panasonic Services Company at 1-800-637-2007 or 1-800-973-7935 (Florida only). UL Approved.
